VETERANS OF FOREIGN WARS®

America's veterans, and troops serving abroad today, fought hard to preserve our red, white and blue. From the Revolutionary War to today's Global War Against Terrorism, most have put their lives in harms way, and many have paid the ultimate price to protect the very blanket of freedom that many of us take for granted.

While only one day of the year is dedicated solely to honoring our veterans, Americans must never forget the sacrifices that many of our fellow countrymen have made to defend our country and protect our freedoms. And while we can never truly repay the debt we owe our heroes, the least we should do for our brave veterans is to show our continued support and gratitude for their commitment to our way of life.
